

Laboratory Automation

Clinical labs gain real benefits when workflow is automated, streamlined, and standardized with the VITROS® Automation Solutions. Versatile, effective, and reliable Ortho automation combined with VITROS® Chemistry and Immunodiagnostic Systems delivers higher-quality results.

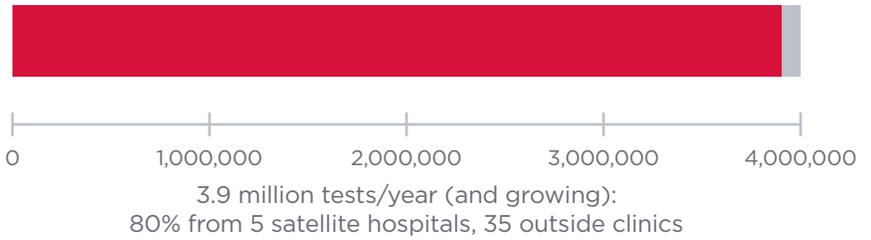

VITROS® AUTOMATION SOLUTIONS

Hospital Bed Size

482 Beds

Volume

Hospital Type

Regional Medical Center — Acute Care

Accolades & Recognitions

- Stemi Accredited
- Comprehensive Stroke Center
- Level 2 Trauma facility
- Level 3 NICU
- Magnet Recognized Organization
- Nation's top 100 Hospital
- CAP Accredited

Days/Hours of Operation

24 Hours/Day, 7 Days/Week

Current Equipment

3 VITROS® 4600 CHEMISTRY SYSTEMS

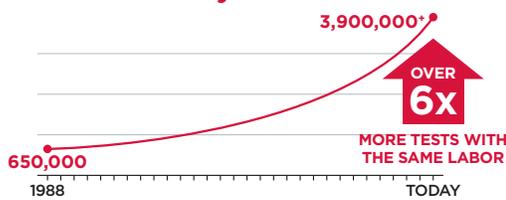

3 VITROS® 3600 IMMUNODIAGNOSTIC SYSTEMS

1 COMPLETE VITROS® AUTOMATION SOLUTION
96.6% AUTOVERIFIED THROUGH VITROS® AUTOMATION SOLUTIONS!

Efficiency

In 1988, the lab had three full-time FTE's in chemistry and ran 650,000 tests. Today, the lab has three FTE's in chemistry and handles over 3,900,000.

Fast Turnaround Times

- Stat Troponin; 31 mins
- Stat Lactate; 15 mins (part of a hospital initiative to reduce sepsis, this is measured and tracked along with Troponin for the ED)
- Routine chemistry; 8-35 mins
- Stat chemistry; 8-20 mins; impressive. Speaks to first pass yield.

Exceptional First Pass Yield

MicroWell

Observed greater than 95% combined first pass yield* among the 3600 IA and VITROS 4600 Chemistry Systems!

*VITROS System review; December, 2017

MicroSlide

"We wanted to be pioneers and chose to partner with Ortho because of efficiency, ease of use, and quality. Their partnership has been a wonderful asset to our laboratory."

"Our Ortho solutions are tremendous, it is literally and figuratively life saving that we have these analyzers."

"We are only here for one reason, and that is to serve our patients, and partnering with Ortho allows us to do that exceptionally well."

"When we have grown, Ortho grows along with us and offers ways to do so; additional menu, additional automation — Ortho allows us to keep up with the ever changing demand."

Service Excellence

Outstanding local service
